

# Center for Executive Coaching

The leading education and training organization for executive coaches

---

Date: June 23, 2008

The mission of the Center for Executive Coaching is to educate and train executive coaches to get outstanding results for their clients. We are the preeminent executive coaching organization, and our certification is rapidly becoming the standard in the industry.

eBrandz offers a highly affordable service to quickly recruit affiliates. We have now many Affiliates promoting our Affiliate Program. eBrandz Affiliate Marketing experts managed my Affiliate Program with proficiency. They discussed with me every minute issues and kept me updated on the progress of Affiliate Marketing by sending Weekly and the Monthly reports...After just a few months we have started seeing our affiliate sales begin to increase, and we look forward to continued results. eBrandz is a fraction of the cost of comparable US-based services, and seems to offer the same value. I would definitely recommend eBrandz to other companies who are seriously looking for an increase in their business.
